EDUCATION

THE IT UNIVERSITY OF COPENHAGEN & COPENHAGEN BUSINESS SCHOOL Copenhagen, Denmark
Master of Science in IT - E-Business (equivalent US GPA: 3.5/4) Sep 2009 – Sep 2012

Relevant courses: IT Strategy, E-Business strategy, C# programming, & Danish IT law.

- Master thesis dealt with the effect of patents on the profitability and market value of about 80,000 listed firms.
 - A key finding was that in most sectors, patent holding firms generate lower ROE but trade at a price premium.
- Completed Equity research on LinkedIn (LNKD: NYQ), found EPS forecasts improbable and LinkedIn overvalued.
- Researched the est. \$10billion Chinese counterfeit smartphone industry, and effects on the global smartphone market.

KAIST COLLEGE OF BUSINESS Seoul, South Korea
Graduate school of management, Exchange student (equivalent US GPA: 3.4/4) Sep - Dec 2010

Relevant courses: Financial statement analysis, Finance & Law, Corporate Financial Policy & Chinese Financial Markets

- Developed a new equity research model (based on RIV) calculating expected earnings implied by market price.
- Completed Equity research on the Chinese IT industry, and Tencent (700:HKG) in particular.

THE CHINESE UNIVERSITY OF HONG KONG Sha Tin, Hong Kong
International Asian Studies Program, Associate student (equivalent US GPA: 3.65/4) Jun - Aug 2010

Relevant courses: International Finance, & Government and politics of China.

ROSKILDE UNIVERSITY Roskilde, Denmark
International Bachelor of Social Science in Business Administration (equivalent US GPA: 3.3/4) Sep 2005- Jun 2009

Relevant courses: Corporate Finance, & International Law.

- Worked on 8 semester-long research projects, gaining extensive experience with academic report writing.
- Specialized in the problem oriented research method, focused on the independent discovery and analysis of data.
